Liz and I, and I am sure many of you feel the same, are a little in shock and numb with the sweeping developments in response to the COVID-19 threat. I just watched Mona's message on canceling the International Rally for the first time ever. So it will probably not come as a shock that we need to cancel the Maintenance Rally. When the International develops their plan for holding the Delegates Meeting we can plan our club meeting normally held at the Maintenance Rally along the same lines. This is a tough time for our country and I ask that you continue to pray for each other and our elected leaders.

Camping this year looks like it may be severely limited as states are closing their parks and private campgrounds may follow suit. So be sure to call ahead before you hit the road. We will try to keep abreast of this fluid situation and keep you all informed as best we can. Looking forward to the time when this crisis has ended.

P.S. Anyone got a spare roll of toilet paper? TTFN Art

Glenn Michael, Editor, Comments/Questions - 410-778-0062, fastapture@gmail.com

Well this has got to be the most unusual newsletter I have ever put together. It is being constructed in what is to me one of the most unusual events in my lifetime. Being a baby boomer, thus born post WWII, I can only imagine what it was like when there was rationing, and making sure you darkened the windows at night. Save for stories from my elders I really didn't experience those times, which surely must have been similar to what we are going through now in some ways. We need to work together for the good of the whole. The biggest difference of course, it is 2020. And most of us have lived considerably different in the years up to now, than our ancestors did in the years up to the "big war."

As I put this issue together, it was a case of putting the word **Cancelled** on every event. That certainly wasn't easy to do. Each paste reminded me that a good time was not to be had. According to the media, it may take until July or August to get to the point where isolation won't be the new norm. Let's hope it isn't any longer than that, or even that long. By all intelligent accounts it is necessary if we as a nation and world are going to combat this virus.

While you are bombarded by information from every level of government, every business and utility, we are adding to the clutter some. There is nothing to report in the usual sense. There are no activities to report, and no upcoming events or Rallies to hype, or need to print Coupons to attend. The only things we have to pass along are Sunshine items, which many don't report to the Chair, and birthdays, which we can skip for a time. ***Therefore I am going to stop the newsletters in the format normally used. If there is information or upcoming things that need to be known in a short time period, I will send an email as needed. When things return to some semblance of normal than the regular newsletters can resume.***

On a regular note, the cover photo is from a couple that I have known for many years, but recently been spending more time with due to their interest in the music venues in the Chestertown area. They are not RVers in the sense of Airstream, but they do have a VW Vanagon, and they use it to go to Florida, just like Airstreamers, but to the home they own there. David and Billie Roberts take a great many fantastic photos as they travel. I am pleased to use this one as it is the Snowbirds in action so to speak. Thank you Dave & Billie.

The photo on the Birthday/Anniversary is from Dave Van Dyke. Dave was a student at KCHS, but has moved on to more lofty pursuits, and finds time to do some fantastic writing in his spare time. He's not yet published except on Facebook, but he could be moving up any time. I thank him for the use of the photo.

Ed Note - I would expect that any Caravans you have scheduled in the next few months at least, could be cancelled as well. I understand the Caravan from Region 2 to International has been Cancelled, which would make sense since Region 2 is Cancelled as well.

Always Check with the Caravan Hosts

From the Keystone Unit

Hi folks,

Rally planners from Central Penn, Keystone and Penn-Lehigh have determined that the Lums Pond 'Opener' Rally scheduled for May 1-3 in Bear, Delaware should be cancelled.

As members from your unit/club may have been scheduled to attend we wanted to alert you to the cancellation.

Folks who have reserved a site at the state park may cancel prior to 31 days with a nominal cancellation fee (the campground continues to be open at this time, and there is no indication that the \$10 cancellation fee will be waived). The cancellation fee increases within a 30-day period of stay.

Some folks have already sent in registration fees for the rally (separate from the campground fees) and these will be returned within the week.

We appreciate the interest that this Opener has generated and share everyone's hope that our members are safe and healthy, and that the coronavirus impacts reduce in the not-to-distant future so that we may all 'hit the road'.

Region 2 Rally and Covid-19

March 17, 2020

After much thought and deliberation, it has been decided to cancel our Region 2 Rally scheduled for this May 21 to May 24 in Kingston, Ontario Canada. We believe it to be in the best interest of all our members that we do so.

The reasons are everywhere...in our media, in messages and directives from our Governments and health agencies. We cannot in good conscience or practice continue with plans to bring 200+ people from all over Ontario and the US, to congregate in close quarters, no matter how much we want to be brave and carry on. That would not be prudent or the right thing to do, especially under the uncertainties of these circumstances and across an international border. No one wants to get ill or possibly quarantined, especially away from home and perhaps without health insurance coverage. All are things that, unfortunately, needed to be considered.

We are working with the Campground on cancellation and refunds. Please, **DO NOT CONTACT THE CAMPGROUND AT THIS TIME**. We want to be sure of the procedure they want us to follow. I do not want to overwhelm them with your telephone calls. It is a stressful time for them as well. I will let you know, hopefully in the next days, when a refund procedure will be in place.

The same goes for your Rally registration fees and trolley tour fees. Our US and Canadian Rally Registrars are working on a refund procedure and we will communicate those details as soon as possible as well. I am asking for your patience in these matters. Please rest assured you will be refunded, in a timely manner.

There is plenty of disappointment to go around. Especially with the news this morning that the 2020 International Rally scheduled for June in Colorado has been cancelled. But, we are resilient by our nature and we will put the disappointments aside. Let's take care of ourselves, our families and loved ones. Let us offer words of encouragement and hope to each other. We are wonderful neighbors, two of the greatest nations on Earth, occupied by the smartest and innovative of minds. We will prevail.

I look forward to seeing you down the road soon and hopefully at the 2021 Region 2 Rally...in Kingston!

Richard Short #1512
